

THE RESEARCH GATE INTERNATIONAL CORPORATION

CANCER SCIENCE & THERAPEUTICS 2020 "WEBINAR"

THEME: NEW CHALLENGES IN CANCER TREATMENT AND RESEARCH DURING COVID-19 PANDEMIC

**Scientific Program
OCTOBER 3rd, 2020
VIRTUAL**

07:30-08:00	Registration/Log in ZOOM Webinar " Log in info will be provided a week prior the conference "
08:00-08:15	Introduction By: Dr. Myron R. Szewczuk, TRG Conference Chair and Moderator
First Session	
Keynote Speaker	
08:15-09:00	<i>The Immunotherapy Revolution of Solid Tumors: Lessons from Melanoma</i> Dr. Pr. Alexander M.M. Eggermont, MD,PhD, Paris-Saclay University, France
Speakers	
09:00-09:45	<i>Antitumor Immune Response in Colorectal Cancer</i> Dr. Subbaya Subramaniana Associate Professor Department of Surgery University of Minnesota, USA
09:45-10:20	<i>A Patient-Specific Ex Vivo Drug Screening Platform for Personalized Cancer Therapy</i> Dr. Diana Azzam, Assistant Professor at Florida International University, USA
Break 10:20-10:30	
Speaker	
10:30-11:00	Galectin and Glycomic Profiling of Cancer Patient Samples for Improvement of Patient Database and Disease Classification Refinement Anna V. Blenda, Associate Professor at University of South Carolina School
11:00-12:00	<i>E-Poster presentation 2-3 minutes will be given for each poster presenter</i>
12:00-13:00 Panel Discussion with: Dr. Pr. Alexander M.M. Eggermont. Dr. Subbaya Subramaniana. Dr. Diana Azzam. Dr. HiginioMappala	
Lunch Break 13:00-13:45	
Second Session	
Keynote Speaker	
13:45-14:30	<i>Multidisciplinary Approach to COVID-19 & Cancer: Consensus from Scientific Societies in Argentina</i> Dr. Julia Ismael, Professor at Universidad de San Andrés, Argentina
Speaker	
14:30-15:00	<i>Limitations of Current Treatments in Oncology – Potential Solutions for Consideration</i> Dr. Kurt R. Gehlsen, Founder and Chief Executive Officer Mira Life Science Ventures, Inc. Miami, FL.
Speaker	
15:00-15:30	<i>Identification of Novel Cancer Biomarkers In The Era Of Precision Medicine</i> Dr. Hilal Arnouk, Professor at the Department of Pathology at Midwestern University, USA
15:30-16:00	<i>Vitamin D/vitamin D receptor and microbiome: therapeutic targets in infection and cancer</i> Jun Sun, Ph.D., Professor UIC Cancer Center University of Illinois at Chicago
Speaker	
16:00-16:45	<i>Smart' Drug Delivery Systems for the Treatment of Cancer</i> Myron R. Szewczuk, Ph.D, Professor of Immunology, Queen's University Canada
16:45-17:30 Panel Discussion with: Myron R. Szewczuk, Ph.D. Dr. Kurt R. Gehlsen. Dr. Julia Ismael. Dr. Dr. Hilal Arnouk. Jun Sun, Ph.D	
Conference End
